RESPONSIBILITY MATRIX DEFINITIONS

FUNCTIONAL CAPABILITIES

COORDINATION: COORDINATE STATE GOVERNMENT’S EFFORTS TO EFFECTIVELY AND EFFICIENTLY RESPOND TO AND RECOVER FROM EMERGENCIES OR DISASTERS.

Financial Management: Coordinate and implement the necessary processes to document eligible expenditures and request reimbursement.

Public Information: Provide an efficient and effective information system that disseminates consistent and credible emergency- or disaster-related information to the public.

COMMUNICATIONS: COORDINATE THE USE OF AVAILABLE COMMUNICATION SYSTEMS TO SUPPORT EFFICIENT MANAGEMENT OF EMERGENCY/DISASTER RESPONSE.

Warning: Provide for efficient government-to-government notification.

DAMAGE ASSESSMENT: PROVIDE FOR A SYSTEM TO ASSEMBLE AND ASSESS THE PERTINENT INFORMATION THAT DETAILS THE DAMAGES CAUSED BY AN EMERGENCY OR DISASTER.

DONATIONS MANAGEMENT: ESTABLISHES A SYSTEM TO MANAGE GOODS OR SERVICES THAT MAY BE DONATED DURING AN EMERGENCY OR DISASTER.

INDIVIDUAL ASSISTANCE: COORDINATE THE DELIVERY OF IMMEDIATE SERVICES TO THOSE AFFECTED BY AN EMERGENCY OR DISASTER.

Shelter/Immediate Needs: Coordinate with the applicable agencies to meet the immediate needs of those affected to include food, shelter and clothing.

Food Distribution: Coordinate the delivery of emergency food supplies when normal supply systems are rendered dysfunctional and the immediate needs of the public cannot be met.

Animal Rescue: Coordinate with the applicable agencies to provide for the rescue, movement and sheltering of small and large animals.

PUBLIC HEALTH/SAFETY: PROVIDE FOR THE PROTECTION OF LIFE, PROPERTY AND THE MAINTENANCE OF LAW AND ORDER DURING AN EMERGENCY OR DISASTER SITUATION.

Health, Medical, Mortuary: Develop the systems and processes to provide the necessary assistance with regard to critical health, medical and mortuary issues.

Safety: Develop the necessary systems to provide for the continuous provision of public safety (i.e., evacuations, debris removal, search/rescue, & etc.

Pharmaceutical Stockpile: Coordinate the distribution of “The National Pharmaceutical Stockpile (NPS)” which consists of medical material pre-positioned to aid state/local emergency response authorities whose jurisdiction becomes the target of terrorism using biological and/or chemical weapons.

TECHNICAL ASSISTANCE: OUTLINES THE TECHNICAL ASSISTANCE THAT WILL BE AVAILABLE FROM STATE AGENCIES TO THOSE ENTITIES AFFECTED BY THE EMERGENCY OR DISASTER.

TRANSPORTATION: DEVELOP THE ABILITY TO MAINTAIN THE OPERABILITY OF THE TRANSPORTATION SYSTEMS WITHIN THE STATE (AIR, RAIL AND HIGHWAYS)

INCIDENT SPECIFIC COORDINATION

ANIMAL DISEASE: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO THE SYSTEMS AND PARAMETERS FOR DEALING WITH ANIMAL DISEASE OUTBREAKS WHETHER THEY BE FOREIGN OR DOMESTIC IN NATURE.

DAM FAILURE: COORDINATE STATE AGENCY RESPONSE TO POTENTIAL OR IMMINENT DAM SAFETY OR FAILURE SITUATIONS.

DROUGHT: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO DROUGHT SITUATIONS.

ENERGY CRISIS: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO ENERGY CRISIS SITUATIONS.

FIRE: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO SUPPRESSING ANY TYPE OF FIRE.

HAZMAT: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO HAZARDOUS MATERIAL SITUATIONS, TO INCLUDE SPILLS, BIOLOGICAL OR RADIOLOGICAL INCIDENTS.

HUMAN DISEASE: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO THE SYSTEMS AND PARAMETERS FOR DEALING WITH DISEASE OUTBREAKS SUCH AS EPIDEMIC AND PANDEMIC SITUATIONS.

LAW ENFORCEMENT: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO INCIDENTS OF A CRIMINAL NATURE, POSITIONING LAW ENFORCEMENT ISSUES AS THE PRIMARY CONCERN.

TERRORISM/WMD: COORDINATE STATE AGENCY RESPONSE WITH REGARD TO TERRORISM OR WEAPONS OF MASS DESTRUCTION EVENTS.

OTHER DISASTERS (Earthquake, Flood, Tornado & etc.): COORDINATE STATE AGENCY RESPONSE WITH REGARD TO OTHER TYPES OF DISASTERS.

RECOVERY IMPLEMENTATION PLANS

CONTINUITY OF STATE GOVERNMENT: PROVIDE FOR THE CONTINUANCE OF CRITICAL STATE GOVERNMENT FUNCTIONS AND SERVICES DURING EMERGENCY OR DISASTER SITUATIONS.

HUMAN SERVICE PROGRAMS: PROVIDE FOR THE COORDINATION AND DELIVERY OF ASSISTANCE AVAILABLE TO INDIVIDUALS AND BUSINESSES AFFECTED BY AN INCIDENT, EMERGENCY OR DISASTER.

MITIGATION ASSISTANCE: PROVIDE FOR THE COORDINATION AND DELIVERY OF PRE- AND POST-DISASTER MITIGATION PROGRAM OPPORTUNITIES.

PUBLIC ASSISTANCE: PROVIDE FOR THE COORDINATION AND DELIVERY OF ASSISTANCE THROUGH THE GOVERNOR’S DISASTER AND EMERGENCY FUND OR AVAILABLE FEDERAL PROGRAMS TO ELIGIBLE ENTITIES SUFFERING DAMAGE TO THEIR INFRASTRUCTURE.

Appendix 2

Emergency/Disaster Declarations

EMERGENCY/DISASTER DECLARATIONS

The purpose of this section is to assist local governments with emergency or disaster declarations. The following material addresses declarations at the local, state and federal levels.

When submitting declaration requests it is important to note:

1. The state and federal programs referenced in this section are the ones most commonly activated, but are not the only sources of assistance. Before deciding which type of assistance to request, contact MT DES to determine the appropriate program; DES staff members are current on programs, eligibility requirements and guidelines.
2. A copy of all state and federal declaration requests must be sent to MT DES; they coordinate the processing of these documents on behalf of the Governor.

LOCAL DECLARATIONS

At the onset of any incident, the local jurisdiction should strongly consider declaring an emergency or disaster (see Attachments 1 & 2 for declaration resolution examples). A declaration early on activates the jurisdiction's Emergency Operations Plan and opens the door to additional authority not available otherwise (see TAB I, 10-3-406). The local jurisdiction does not have to, but may, levy up to the 2 mills (10-3-405) during this process to cover incident expenses.

Care should be taken when drafting the declaration resolutions in specifying whether an emergency or disaster is being declared, because state law defines the two terms differently, and they are often confused and used interchangeably. The following definitions apply:

Emergency – the imminent threat of disaster causing immediate peril to life or property, which timely action can avert or minimize.

Disaster – the occurrence or imminent threat of widespread or severe damage, injury or loss of life or property resulting from any natural or man-made cause, including tornadoes, windstorms, snowstorms, wind-driven water, high water, floods, wave action, earthquakes, landslides, mudslides, volcanic action, fires, explosions, or air or water contamination requiring emergency action to avert danger or damage, blight, droughts, infestations, riots, sabotage, hostile military or paramilitary action, disruption of state services, or accidents involving radiation by-products or other hazardous materials.

Attachment 7 is an example of the letter which must be submitted to the Governor by the commissioners to activate the process for obtaining a Secretarial drought designation; completion of the process may take up to six months. The commissioners are not required to include a local declaration resolution with their request letter, and the 2 mills is not a consideration in this case. MT DES will coordinate the designation request on behalf of the commissioners. They will facilitate the Governor's request to the United States Department of Agriculture to initiate the process and coordinate the Governor's final request to the Secretary of Agriculture.

Attachment 8 is a flow-chart of the process involved in obtaining a drought designation from the Secretary of Agriculture.

Along with initiating the designation process, commissioners should strongly consider forming a Local Drought Advisory Committee. The purpose of the committee is to deal with local issues and try to mitigate the impact of the impending drought situation.

Presidential

Assistance under a Presidential declaration is activated according to Public Law 93-288 (as amended by PL 100-707, Stafford Act). Several types of assistance, including individual and public, may be available depending on the severity and magnitude of the situation.

Attachment 9 is an example of the request which must be submitted to the Governor by the commissioners requesting the declaration. The request should contain specifics on the severity or magnitude of the damage; number of people, homes, businesses, facilities, etc. that are affected, and indicate that the local government has committed all available resources. The accompanying local declaration resolution does not have to, but may, include the levying of two mills (see Attachments 1-4 for resolution examples). If the two mills have not been levied, the levying may be required at a later date depending on the arrangements for matching funds.

MUNICIPAL DECLARATION RESOLUTION

RESOLUTION NO. _____

WHEREAS, (*type of occurrence: earthquake, flooding, winter storm, etc.*) has occurred or is anticipated within the City of _____ (*name of city*) on or about (date of occurrence or anticipated occurrence).

NOW, THEREFORE, BE IT RESOLVED by the City Council that an (*emergency / disaster*) is hereby declared pursuant to Section 10-3-(402 or 403) MCA and all provisions of the City Emergency Operations Plan are in effect.

BE IT FURTHER RESOLVED, that copies of this resolution be filed with the City Clerk and the Montana Disaster and Emergency Services Division in Helena.

PASSED AND ADOPTED by the (name of city) City Council this _____ day of _____, 20____.

Mayor

TAB F - 6

LOCAL DECLARATION REQUEST TO GOVERNOR
(Make sure you forward a copy of this
document to MT DES immediately)

(Date)

The Honorable _____
Governor of Montana
State Capitol
Helena, Montana 59620

Dear Governor _____ :

Pursuant to our authority as the city council or county commissioners of city or county, Montana, we request that an emergency/disaster be declared immediately to provide supplemental disaster relief in accordance with the provisions of Title 10, Chapter 3, Section 311 MCA.

1. SITUATION

- a. Date and description of conditions causing emergency/disaster.

Beginning May 15, 1993, heavy rain began falling with 6" recorded by May 20, 1993. The rain, warming temperatures and rapid snowmelt in the higher elevations caused rivers and streams to leave their channels and flood adjacent lowland areas.

- b. Description of damages to public sector. (If appropriate)

Preliminary damage assessments indicate widespread damage to county roads. An estimated 25 county roads are impassable due to flood damage. Three rural communities are completely isolated at this time, and two others are accessible only through long detours.

- c. Description of damages to private sector. (If appropriate)

Farm and ranch damages are extensive, with livestock losses especially heavy. It is estimated that 100 farm or ranch families are isolated because of loss of road access. In addition to damage in the communities of Brownsville, Golden, Brockport, Park City and Willis, 125 families were evacuated.

d. Description of economic impact. (If appropriate)

Immediate economic impact is apparent; a major employer, M&M Manufacturing that employs 250 people at their plant in Brownsville, has ceased operations since supply and delivery problems, as well as employee absenteeism, preclude normal operations. The company anticipates return to full production in 30-40 days.

2. OFFICIAL ACTION

a. A local (emergency/disaster) has been declared and the emergency two (2) mill levy authorized by Section 10-3-405, MCA, has been levied. A copy of the signed resolution is attached.

b. Other actions taken.

The local health officer has issued a boil order for all drinking water due to possible contamination. Also, the sheriff's posse was activated, and they assisted in the evacuation of Willis.

3. DAMAGE ESTIMATES

a. Debris Clearance	\$ 5,000.00
b. Protective Measures	\$ 2,500.00
c. Road Systems	\$ 262,500.00
d. Water Control Facilities	\$
e. Public Buildings and Related Equipment	\$
f. Public Utilities	\$
g. Public Facilities Under Construction	\$
h. Other Damages (Not in above categories)	\$
TOTAL ESTIMATED DAMAGES:	\$ 270,000.00

4. LOCAL RESOURCES

Names of Funds or Accounts Involved: _____ (Road)

ESTIMATED

Cash balance as of June 30, 19_____	\$ 120,687.00
Receipts from two mill emergency levy	\$ 34,161.00
Receipts from maximum permissive levy and Other anticipated revenues	\$ 459,778.00
SUBTOTAL	\$ 614,626.00

Less regular operating budget for current year	\$ <u>560,912.00</u>
SUBTOTAL	\$ <u>53,714.00</u>
Less cash reserved - current year	\$ <u>10,000.00</u>
BALANCE AVAILABLE FOR EMERGENCY RESPONSE:	\$ <u>43,714.00</u>
5. <u>ASSISTANCE REQUIRED</u>	
Total damage estimated (from No. 3)	\$ <u>270,000.00</u>
Less estimated balance available to respond to emergency(from No. 4)	\$ <u>43,714.00</u>
ESTIMATED ASSISTANCE REQUIRED:	\$ <u>226,286.00</u>

Acronyms and Definitions

Acronyms and Definitions

DES – Disaster and Emergency Services

Disaster – the occurrence or imminent threat of widespread or severe damage, injury or loss of life or property resulting from any natural or man-made cause, to include tornadoes, windstorms, snowstorms, wind-driven water, high water, floods, wave action, earthquakes, landslides, mudslides, volcanic action, fires, explosions, air/water contamination requiring emergency action to avert danger or damage, blight, drought, infestations, riots, sabotage, hostile military or paramilitary action, disruption of state services, or accidents involving radiation byproducts or other hazardous materials.

DNRC – Department of Natural Resources and Conservation

Duty Officer – Individual assigned the responsibility to remain in communications contact outside normal office hours. The duty officer will remain in proximity to a phone and initiate an emergency response if the need arises.

Emergency – the imminent threat of disaster causing immediate peril to life or property which timely action can avert or minimize.

EMAC (Emergency Management Assistance Compact) – Organization of states to allow interstate assistance in support of emergency incidents.

EOC – Emergency Operations Center

Expanded Dispatch – Dispatch organization formed to provide logistics support to a large scale emergency incident(s). Expanded dispatch is usually established and supervised by a zone dispatch center.

ICS (Incident Command System) – Method of organizing to manage large scale emergency incidents.

Interagency – Term used by federal wildfire suppression agencies to describe cooperation between the USDA – Forest Service and USDI – Bureau of Land Management. The interpretation used here is to describe the cooperation between all federal, state, and local wildfire suppression agencies.

Interagency Incident Business Management Handbook – Manual to establish the uniform application of interagency policies, guidelines, and business management rules except where specific agency legal mandates, policies, rules, or regulations direct otherwise.

First Responder – the first emergency response individual resource to arrive at an incident scene. In ICS, the first responder is the initial incident commander.

FHA – Farm Home Administration

Line Officer – DNRC Area or Unit Manager, DNRC Director, or DNRC Division Administrator.

MAC (Multi-Agency Coordinating Group) – Organization made up of senior officials formed by cooperating wildfire agencies during periods of large scale wildfire activity. This group establishes priorities and oversees the operation of coordination center, area command, and incident command organizations.

Mutual Aid – A fire suppression strategy in which organizations operate outside their jurisdiction to assist and support the jurisdiction hosting the incident.

NRCG (Northern Rockies Coordinating Group) – Organization made up of senior members of wildfire management agencies to oversee interagency wildfire suppression operations in the Northern Rockies geographic area.

NRCC (Northern Rockies Coordination Center) – One of 11 wildfire coordination centers operating in the United States. The NRCC provides logistics support to large scale wildfire incidents.

Northern Rockies Geographic Area – North Idaho, Montana, & North Dakota.

Northern Rockies Mobilization Guide – Standard operating procedures governing the dispatch and mobilization of wildfire suppression resources in Montana, Idaho, and North Dakota;
<http://www.fs.fed.us/r1/fire/nrcc/guidesandplansindex.htm>

Northwest Wildland Fire Compact – Mutual aid wildfire organization represented by Washington, Oregon, Alaska, Idaho, Montana, Alberta, British Columbia, and Yukon.

Responsibility Matrix - Table which lists each State of Montana government agency and allocates responsibility to perform certain functions during a disaster emergency.

ROSS, Resource Order and Status System – Computer program used to place requests for emergency resources; aircraft, equipment, crews, and personnel.

SBA – Small Business Administration

USDA – United States Department of Agriculture

USDI – United States Department of the Interior:

BLM – Bureau of Land Management

BIA – Bureau of Indian Affairs

NPS – National Park Service

FWS – Fish and Wildlife Service

USFS – United States Forest Service

Zone Dispatch Centers – Dispatch centers established to provide initial attack and logistics support to wildfire and other emergency incidents.

BDC – Billings Dispatch Center, Billings, Montana.
BRC – Bitterroot Dispatch Center, Hamilton, Montana
BZC – Bozeman Dispatch Center, Bozeman, Montana
CDC – Coeur d’Alene Dispatch Center, Coeur d’Alene, Idaho
CNC – ClearNez Dispatch Center, Grangeville, Idaho
DDC – Dillon Dispatch Center, Dillon, Montana
FDC – Flathead Dispatch Center, Kalispell, Montana
GDC – Great Falls Dispatch Center, Great Falls, Montana
HDC – Helena Dispatch Center, Helena, Montana
KDC – Kootenai Dispatch Center, Libby, Montana
LDC – Lewistown Dispatch Center, Lewistown, Montana
MCC – Miles City Dispatch Center, Miles City, Montana
MDC – Missoula Dispatch Center, Missoula, Montana
NDC – North Dakota Dispatch Center, Upham, North Dakota
